

Conservation Commission meeting 11 June 2022

Meeting began at 8:10 AM. In attendance: Chris Caron, Jennifer Caron, Rachel O'Meara

We reviewed several DES documents:

The Gore Branch stream restoration per trout Unlimited, which was done in May.

Ongoing Dam removal-Kimball Brook

Dredge and Fill Application from the Nature Conservancy. We reviewed the letter, received by the select board, on June 7 about this. It seems to indicate that it is already too late for the CC to comment on this. Rachel will contact DES about this letter.

Discussed the 'Community' vs 'Town' Forest concepts.

Minutes were approved. Chris/Rachel

Recycling: Dump Day yielded about 100 bags. There will be a hazardous waste day and another free dump day later this year. Rachel noted there is an organization named Helpsy that recycles clean textiles of all kinds. There is a bin at the Lancaster transfer station-.

NRI- we now have enough funds for our NRI. Chris will send a template for an RFP and we will need to write a draft. We also need to research vendors.

Next meeting will be in 2 months: 13 August at 8 AM. Meeting adjourned at 9:10 AM.

Minutes by Rachel O'Meara
